Guangyao Zhou

1355 Shorebird Way, Mountain View, CA 94043

stannis@deepmind.com https://stanniszhou.github.io

Education

Ph.D. in Applied Mathematics	2012-2018
Brown University, Advisor: Stuart Geman	
B.S. in Statistics and Probability	2008-2012
Peking University	
B.A. in Economics	2009-2012
Peking University	

Work Experiences

Research Scientist, DeepMind2022.5-presentStaff Research Scientist, Vicarious AI2021.10-2022.5Researcher, Vicarious AI2019.7-2021.9

- Compositional generative models for robot vision.
- PGMax for scalable loopy belief propagation on discrete probabilistic graphical models in JAX.

Postdoctoral Associate, Applied Math, Brown University

2018.9-2019.6

- Semester Postdoc at ICERM Spring 2019 Semester program on Computer Vision
- Organizer of the ICERM Generative Models Discussion Group

Applied Scientist Intern, Amazon Lab126

2017.5-2018.8

- Collaborators: Achi Brandt and Eran Borenstein, Computer Vision Team
- Research on multiscale optimization methods for stochastic ill-conditioning in deep neural networks

Consulting for Quantitative Finance Firms

Consultant, Qsemble Capital Management
Consultant, Engineers Gate
2018.9-2019.6
2015.8
